"The South 40" by JAMES A. SMITH EXTENSION AGENT

The beef cattle marketing experts tell us that cattle are expected to "peak out" sometime in April or May of 1980. Feeder prices are gaining some strength over a few weeks earlier. This should continue, but marketing must be orderly if it is to happen. If everyone tries to market their cattle during the second and third week of October, we will see a price drop, because there will not be enough trucks to move the cattle.

I suppose this is a plea to move cattle in an orderly fashion to achieve the higher price.

Rabon ear tags have now been cleared for use on both beef and lactating dairy cattle. These tags are used to control horn flies and as an aid to control face flies.

For potimum control, use 2 tags per animal.

It is suggested calves less than 5-6 months old not be tagged.

Precautions--wash thoroughly with soap and water after handling, and before eating or smoking. Avoid contamination of feed and foodstuffs.

Do not contaminate water supplies by disposal of used tags in stream and ponds.

Remove tag before slaughter. Bury or discard in safe place all tags removed from animal.

Cattlemen that have dairy heifer or dry cows or beef cattle in pastures some distance from everyday activities will like this method of fly control.

Feeder pig sales in Virginia began using the new national color code system for grade identification July 1.

The new system is:

USDA Grade	Color Code
No. 1	Blue
No. 2	Red
No. 3	Silver
No. 4	Yellow
Utility	Green on Shoulder
Reject	Green on Rump

Lysoff is a pesticide that previously carried a label for only lice. Now the Label has been expanded to include horn flies. This is a pour-on material. Cattle may be treated not more than three times at not less than 14 day intervals.

Directions for mixing are very explicit and should be followed carefully.

A program that should interest cattle owners is the Virginia Cattle Breeders Symposium December 6 and 7 at Virginia Tech.

Information will be provided on how to operate a performance selection program, how to improve reproductive efficiency; understanding the basis of genetic selection and correlated response; the use of performance and progeny records in sire selection;the use of cross breeding in commercial herds and the implication for crossbreeding for the purebred breeder; frame size and its importance; understanding sire testing and progeny programs.

We'll have programs well in advance of the program, but since it deals with so many of the areas that Appomattox cattlemen have an interest, I wanted you to get the dates down and plan to attend.

Third Annual Fall Harvest Festival At Grayson Highlands State Park

The Department of Conservation and Economic Development, Division of Parks, will sponsor the Third Annual Fall Harvest Festival at Grayson Highland State Park, September 22 and 23, announced Parks Commissioner Ben H. Bolen.

The two-day festival, co-sponsored by the Rugby Rescue Squad, will feature old-fashioned molasses and applebutter making. Bluegrass and gospel music will set the atmosphere as craftsmen demonstrate their skills in blacksmithing, quilting, painting and pottery making. Barbequed chicken prepared over an outdoor pit and an assortment of beverages will also be featured.

Saturday's activities will take place from 10:00 A.M. until 7:00 P.M. and Sunday, from 12:00 Noon to 7:00 P.M. There will be no admission charge.

Grayson Highlands State Park can be reached from I-81 at Marion via Route 16 to Volney, then west on U.S. 58.

Ligon Reunion Held

The family of Mr. William Ligon and the late Mrs. Mary Harvey Ligon of Pamplin, Va. held their family reunion on Sept. 2, 1979 at the home of his son, Mr. and Mrs. Calvin Ligon, at 1 p.m. Mr. Ligon is the proud father of 13 living children, and 38 grandchildren and 5 great grandchildren. Six daughters living in Long Beach, N. Y. and seven sons. The daughters are Rosa, Jane, Lena, Mary, Alma and Grace. The sons are John, William, Frank, Calvin, Robert, Clarence and Linsay. Five sons live in Pamplin, Va. one son in Freeport, N. Y. and one son in Paterson, N. J.

Rev. James Franklin and Rev. H. O. Flood were there for the occasion. Rev. Flood prayed a special prayer for the family and blessed the table. At 3 p.m. the lunch was served by the six daughters buffet style. The menu consisted of turkey and all the trimmings, ham, chicken, hotdogs, baked beans, string beans, barbecue beans, sliced tomatoes, yams, rolls, drinks and several casserole dishes. The lunch was served on the lawn under a beautiful tree. Mrs. Susie Hunter made her special pound cake and several more, spice, chocolate and lemon. After the bountiful lunch was served and enjoyed by all, everyone enjoyed a time of fellowship sitting around visiting and remembering time past and just plain enjoyed being together and seeing each other again.

A large crowd of friends and members of the family feasted until a later hour with the special disco band from Farmville, Va. This was a day well remembered by all. Mr. Ligon is a retired railroad man.

Homecoming at Bible Baptist

On September 9, 1979, the Bible Baptist Church celebrated its 26th anniversary. Rev. Randolph Hite and his family from Ohio came to be the special guest for this occasion.

The picture above is Rev. and Mrs. Hite as they cut the anniversary cake. The church fed over 225 people as they gathered on the church lawn for the noon meal.

Members of the church have said it was by far the best homecoming they have had in many years. Everyone enjoyed the fine messages brought by Rev. Hite as well as a great deal of special music presented by individuals and the church choir.

The members of Bible Baptist would like to thank their friends who attended their services and for helping make this the best homecoming ever. The warm fellowship shared during the services and around the tables of food will always be remembered.
